REPORT 1

REQUIREMENT SPECIFICATION

Requirement Specification:

The Web site is to be created based on the following requirements.

1) The Home Page should be created making use of Sections with a suitable logo.
2) Home Page should contain details of fashion products with suitable images.
3) The site should display a menu which will contain the options for brief introduction about the various fashion products available, location of the shop and any other information if required.
4) The information should be categorized according to the brand names of the products like if a User wants to see only “LAKME” products or any other companies products then he/she can click on a Link/button/menu etc and can see only that Brand products.
5) When a user selects any particular brand, a list of products for that brand will be displayed
6) A brief summary of features of individual products should be displayed on the Web Page along with the product but detailed Features should be stored in Individual Word documents which can be downloaded or viewed by the User who wishes to see the same.
7) The user should also be able to compare the various products of different as well as similar brands.
8) There should be a “Contact Us” page which will have the Address of the Company which is as follows and the mail address which when clicked will invoke the local mail client from where they can send an email. Address of the Company should be displayed using GeoLocation API (eg. GoogleMaps).

PROBLEM DEFINITION

After reading the project specifications, the developer states the scope of the project very briefly. This is referred to as the problem definition. Queries of various staff members can be one or all of the following:

1. How many products can be displayed on Homepage at a time?
2. What information should be displayed about each product in Homepage?
3. Can users contact us to see the product directly?
4. Will the users be able to feedback their opinions?
5. Will the users be able to question about shop's services?

After consulting several IT companies and considering the budget constraints, the management of fashion shop to launch the Web application as a single page responsive Web application using HTML5, CSS3, JavaScript, Geolocation API, Web Storage, and Bootstrap 3.3 from getbootstrap.com, jQuery plugins, and Coffee Cup, Notepad++, or other HTML editor. Also, the site will be tested on popular browsers and mobile emulator software.

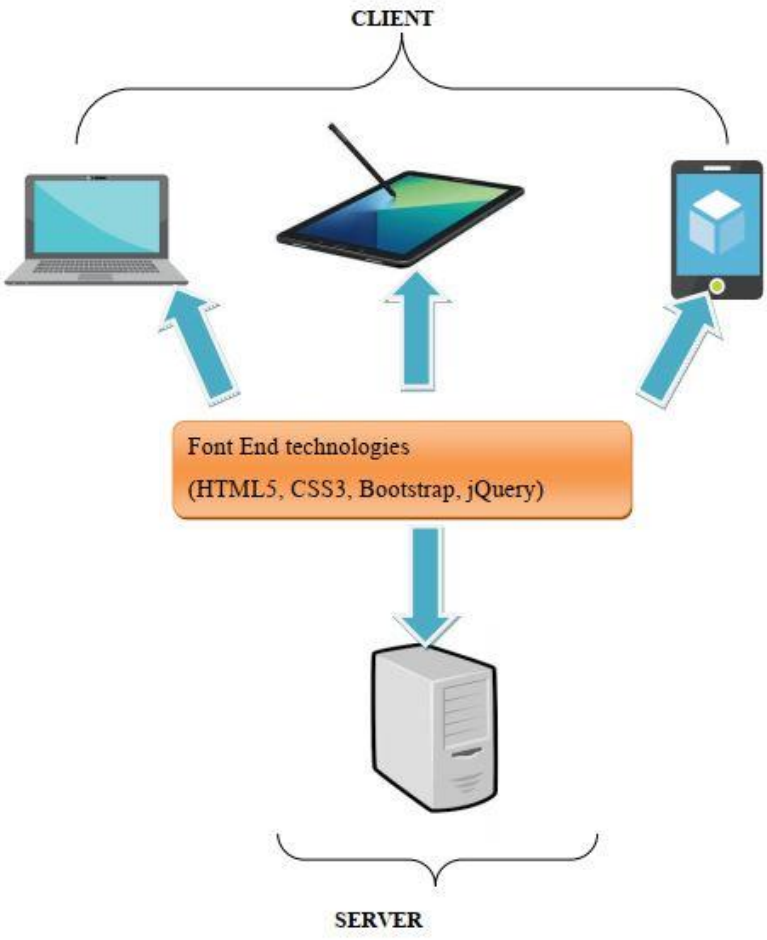
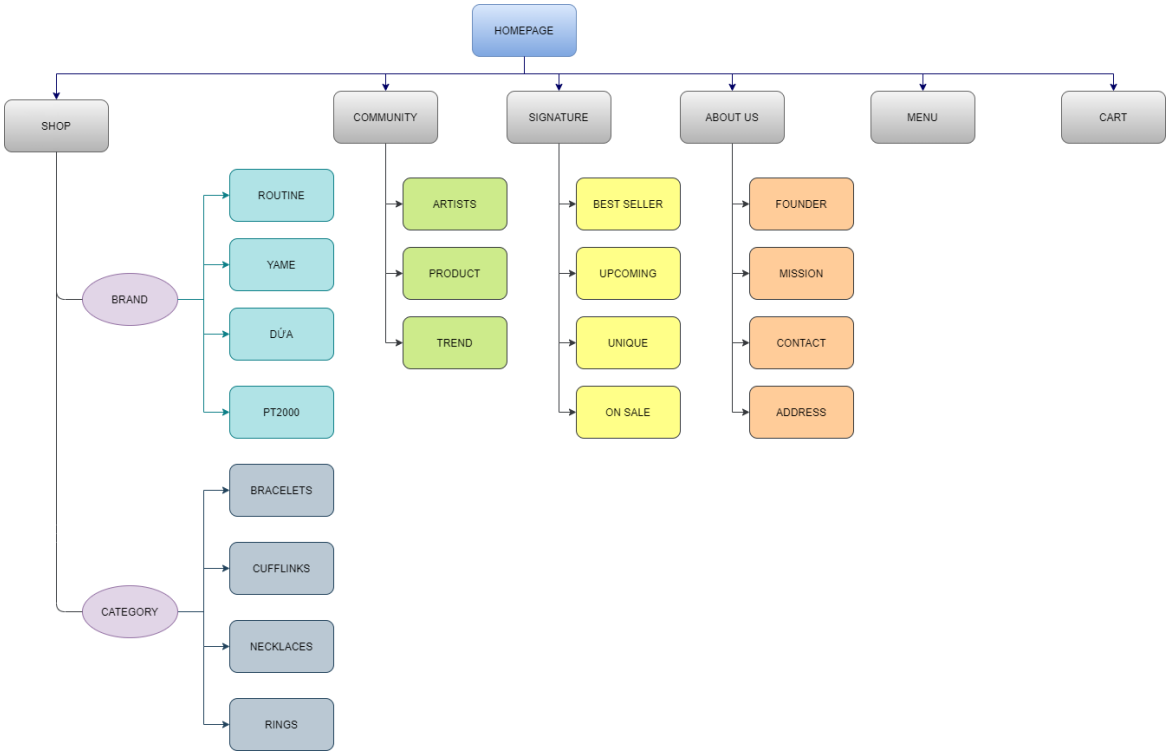
ARCHITECTURE & DESIGN OF THE SYSTEM



SITEMAP



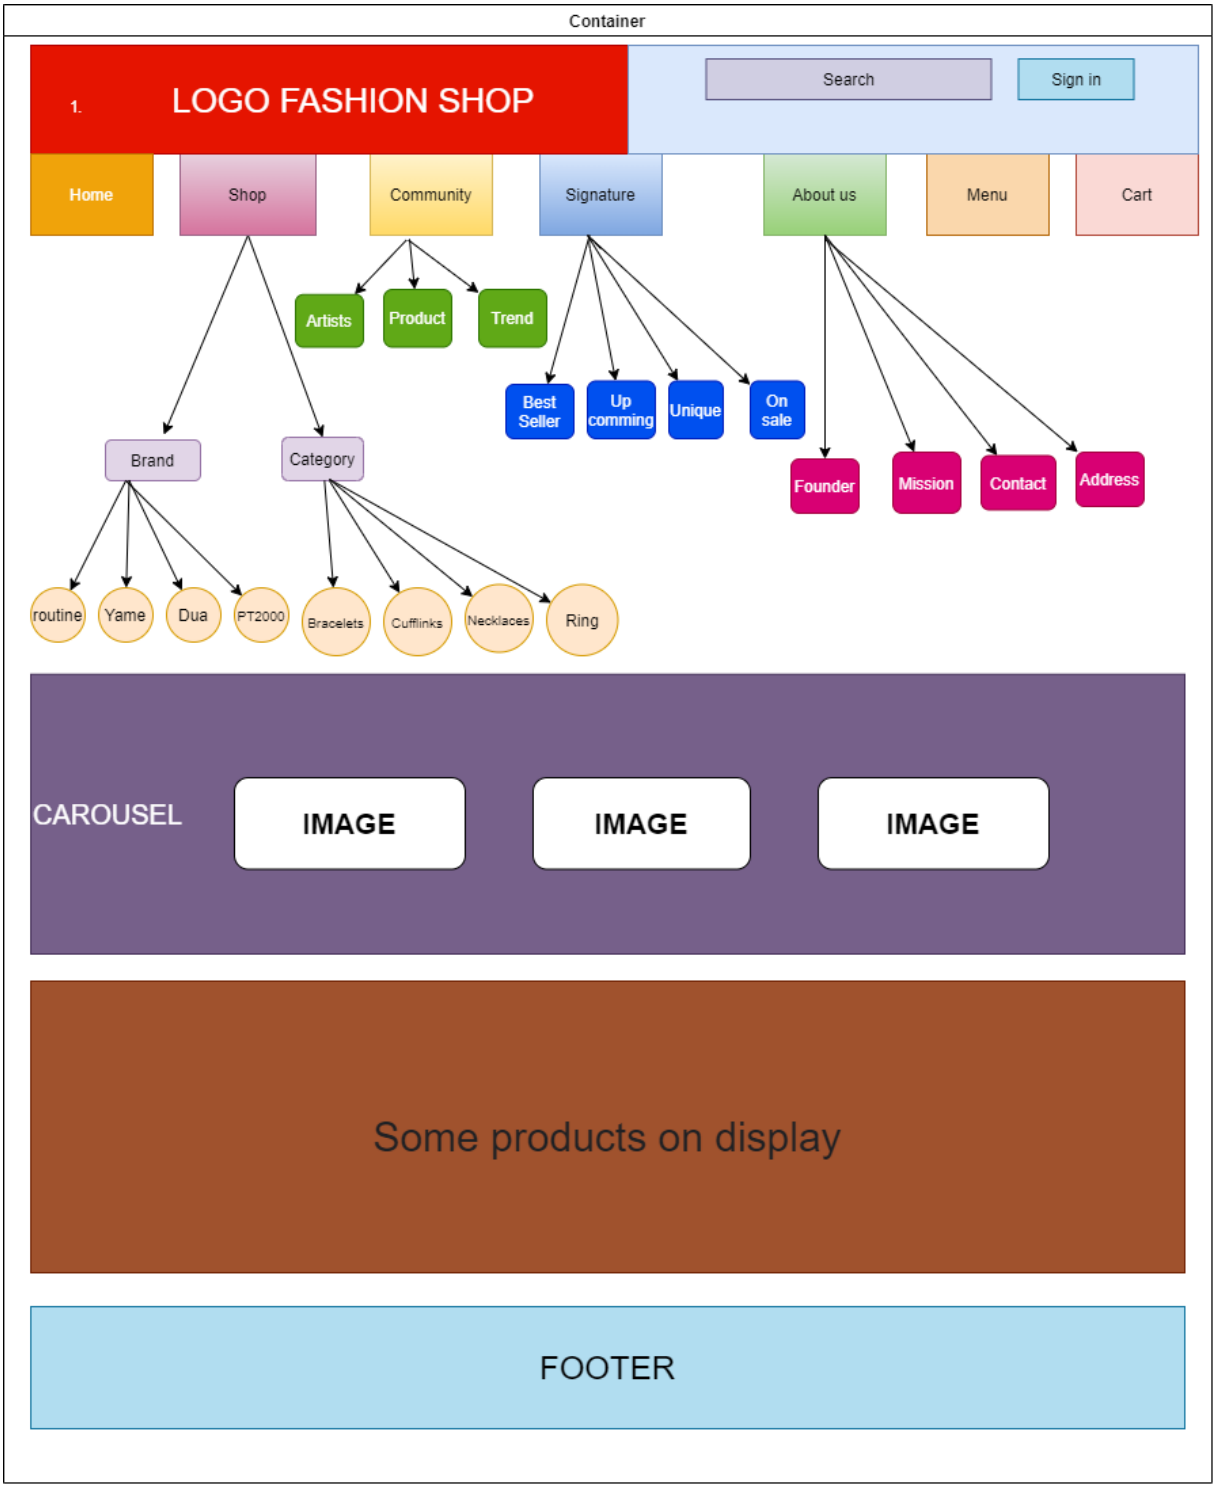
WEBSITE LAYOUTS

Here are us Fashion website. We designs website base on criteria SIMPLE but USEFUL and INFORMATIVE as much as possible. The website is going to have several pages which include different information in the same main layout. Make sure bring you the most comfort when shopping with us.

1. Homepage:

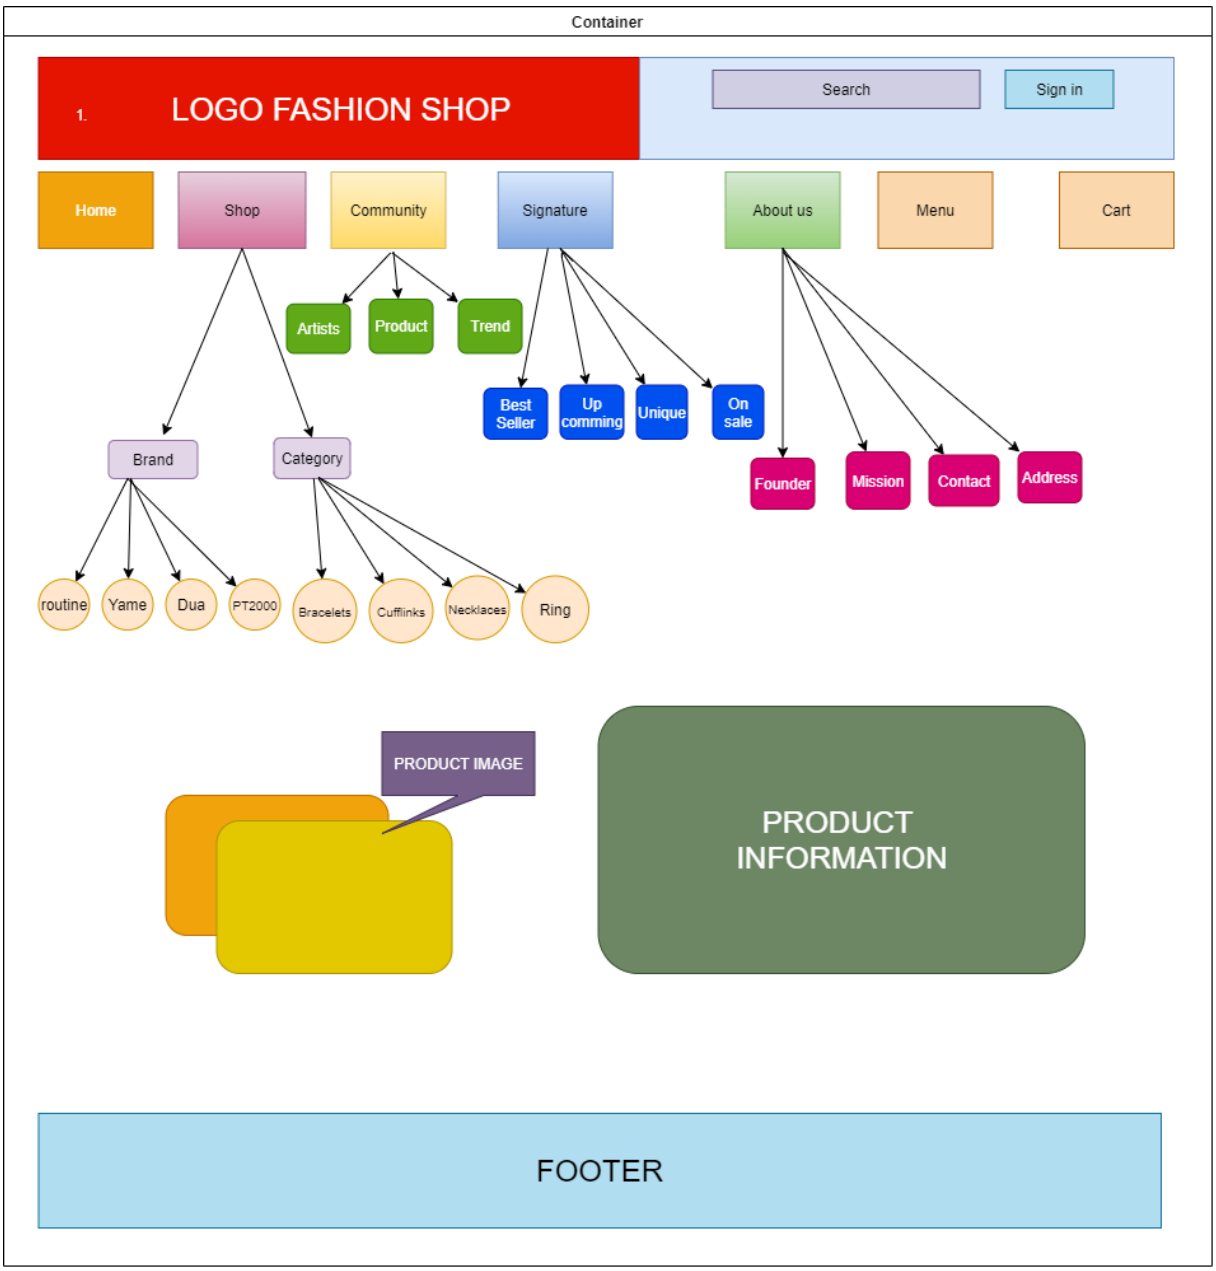
This layout below describes how we created our Homepage which contain three important parts:
-Page-header and Navigation bar. Page-header has store logo and store fashion name. While Navigation bar will indicate people how they interact with us. It provides some information likes Brand, Menu, Community, Contact us, Cart and Online help. Of course, there will be a Search section so that customers can easily access what they want. Each section have brief information and easy to understand.
- Content: This part is customized belong to the title of the individual websites, especially Homepage with some product bests selling today.

- Footer: Here we will set the shop address, online help, some blogs and minimap to lead you to our place.



2. Informative pages:

This layout we will apply for most product pages which provide people different information about the new product updates from major brands. It also has the same Page-header, Navigation bar and Footer as Homepage, but the main content will be update every day.



TASK SHEET:

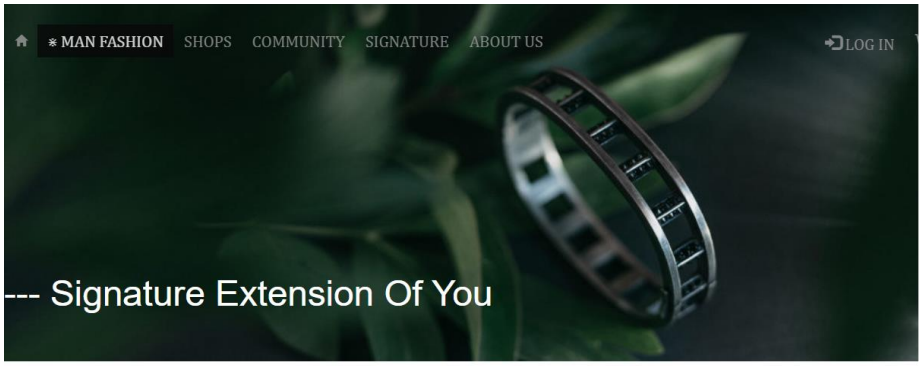
This page will show us about some Artists, singers, models who use our Fashion products, and their Instagram with their picture to feedback our products.

5. Signature Page:

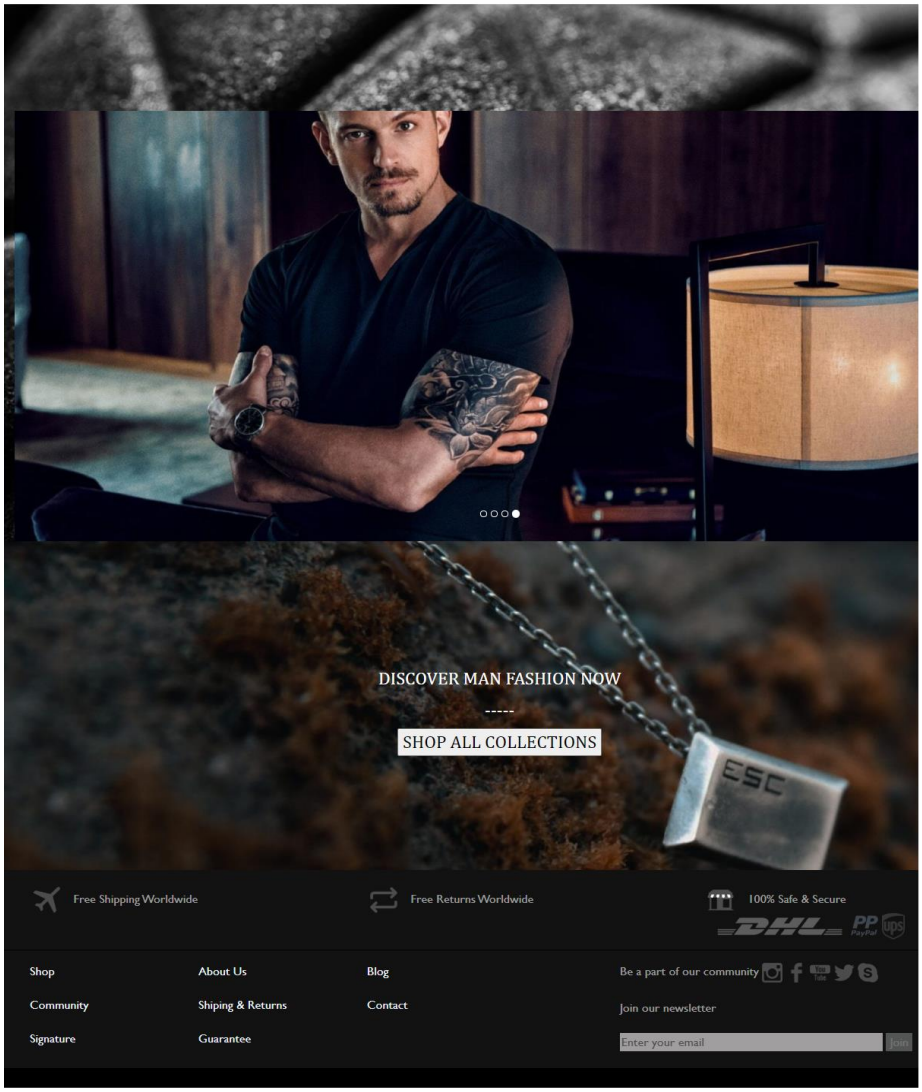
This page includes some unique products that's only produced by us and also the stories why we design it.



Made to Fade

Every piece goes through an extensive craftsmanship process, resulting in unique solid sterling silver designs for men. Silver is a precious metal that normally requires special care.

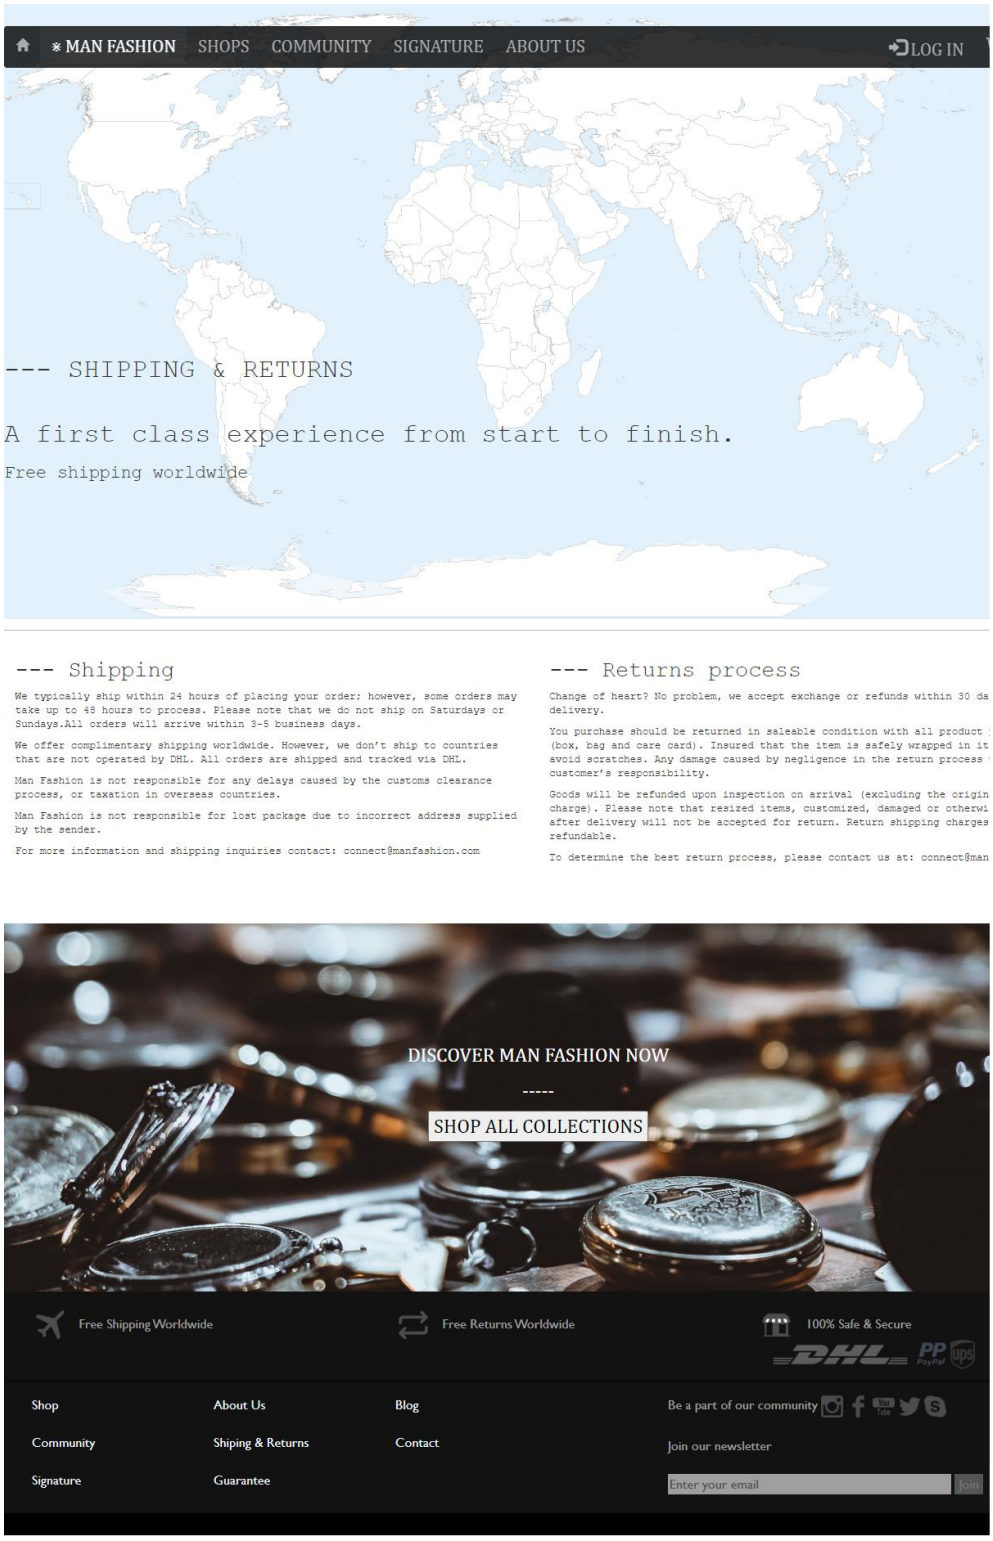
However, our pieces are not designed to limit you, they were made to encourage you.
Each piece is coated in black oxide which scratches and fades in a way that tells your story.



6. About us Page

The story about the Journey leading to the Process of creating Man Fashion.

7. Shipping & Returns Page:



When you enter Shipping & Returns page through the Footer link, it will show you about the Policy how we ship our Product all over the world, and in case there are some problems about delay or lost, we also have the solustion to satisfy the Customers.

8. Guarantee page

Like Shipping & Return, this page will show us about the Commitment to make sure all the Guest feel happy with their purchase, the Policy to Pay back or Product Exchange.

Wow guarantee

--- No compliments. No Problem.

Wearing your Man Fashion piece should feel like an extension of you. We shoot great photos, but know that our pieces look way better in real life. Unless you share the same experience, we will happily refund your purchase..

We call it the wow-guarantee because you should get that feeling immediately. The same goes if you gift the product to someone else.

Size Matters…

...for some of our pieces

So if you got a piece that does not fit right, we will send you a different size right away. Just let us know asap, safely wrap it and send the wrong size piece to us. We will take care of the rest. Pro tip - you can always print out our 1:1 scale sizing guide to check the best size for you before you buy. And if you're still unsure, just shoot us a message and we'll help you pick the right one.

365 day repair guarantee

--- because you're meant to abuse it

Your L.Novum piece is meant to be scratched, beaten up and dented. If it isn't, then you're probably caring too much… Although it's meant to withstand all this abuse (solid sterling silver is one of the toughest materials out there), in very rare cases something could break. Just like your leg. But worry no more. We won't be able to help if you break your neck, but if it's L.Novum piece we are talking about, we'll fix it in 365 days from your purchase. Just shoot us an email and consider it done.

Hassle free returns

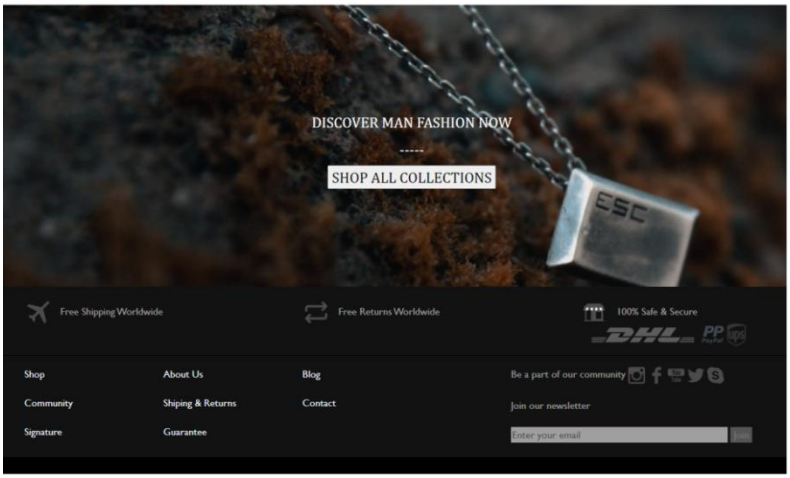
The products are not simple, but the return process is. Just let us know what's wrong, ship it back to us and we'll ensure you there will be no hassle.

You will heal, the metal will not

--- So let us be your accessory hospital.

Our pieces are made by the top professionals in the industry. They are busy, but not too busy to help you out in case of emergency. The pieces can handle the wear and tear from everyday situations, but in case something extraordinary happens, send it our way.

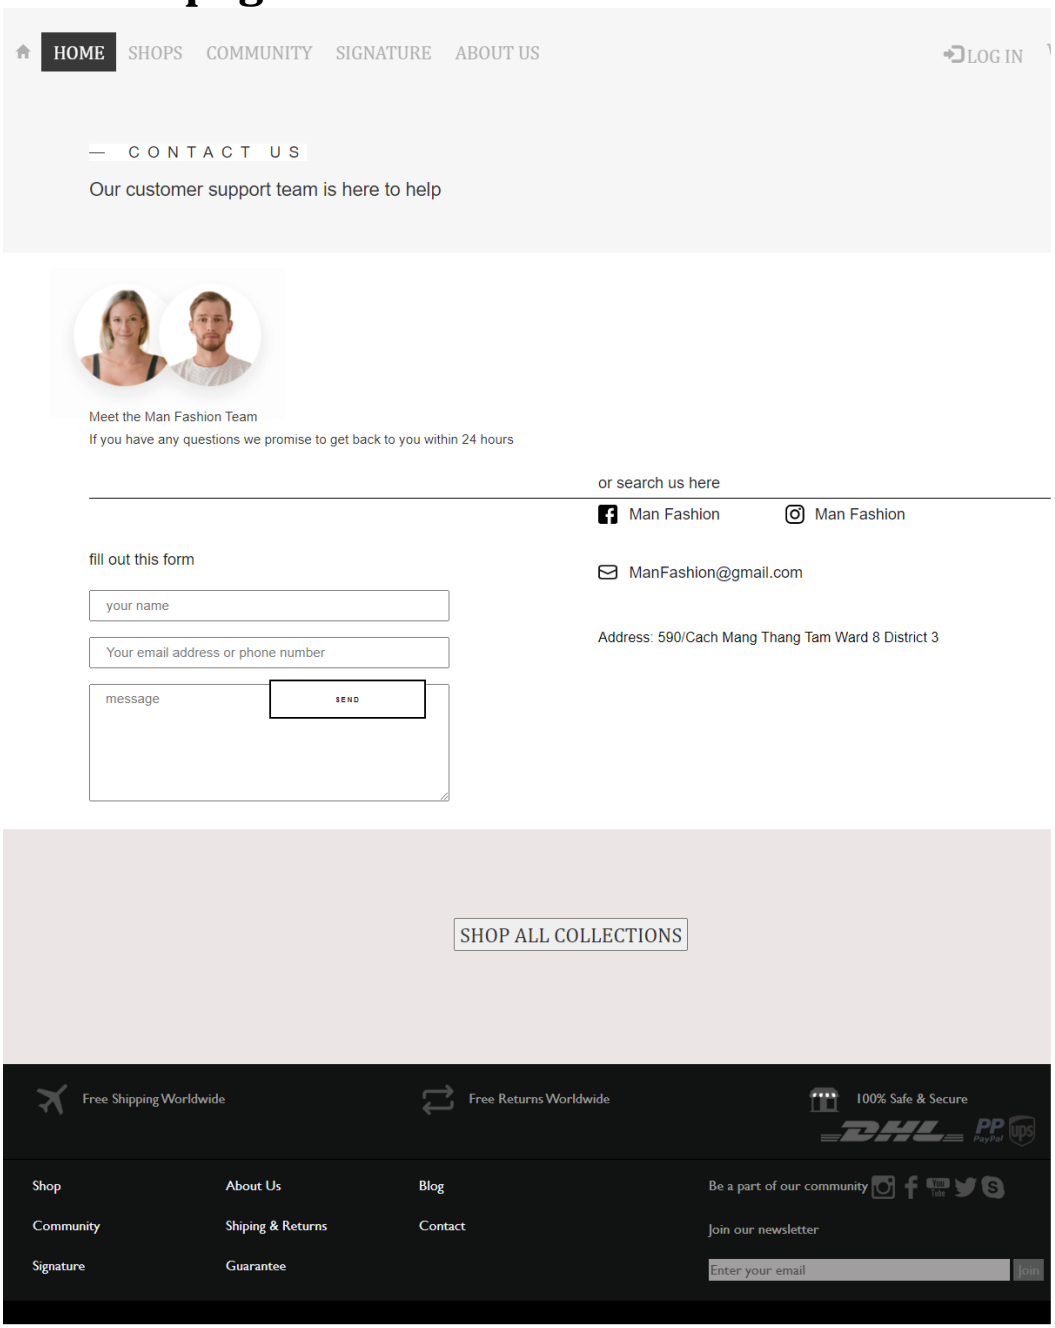
If there is a good story behind it, let us know. We are happy to share all great adventures with a positive outcome.



9. Blog page

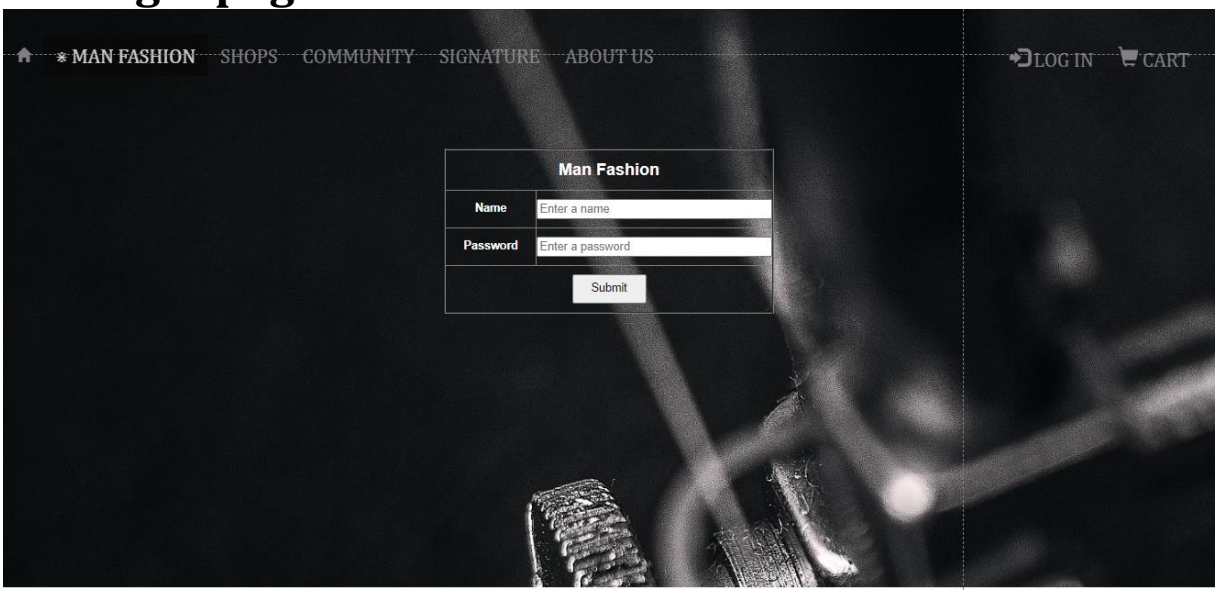
This page will tell us some stories how the Page begin, how our shop is established, and also in the Future, this is where the Customer can share their stories about Our Product, how their received like a present in some special occasion or anniversary, v.v…

10. Contact page



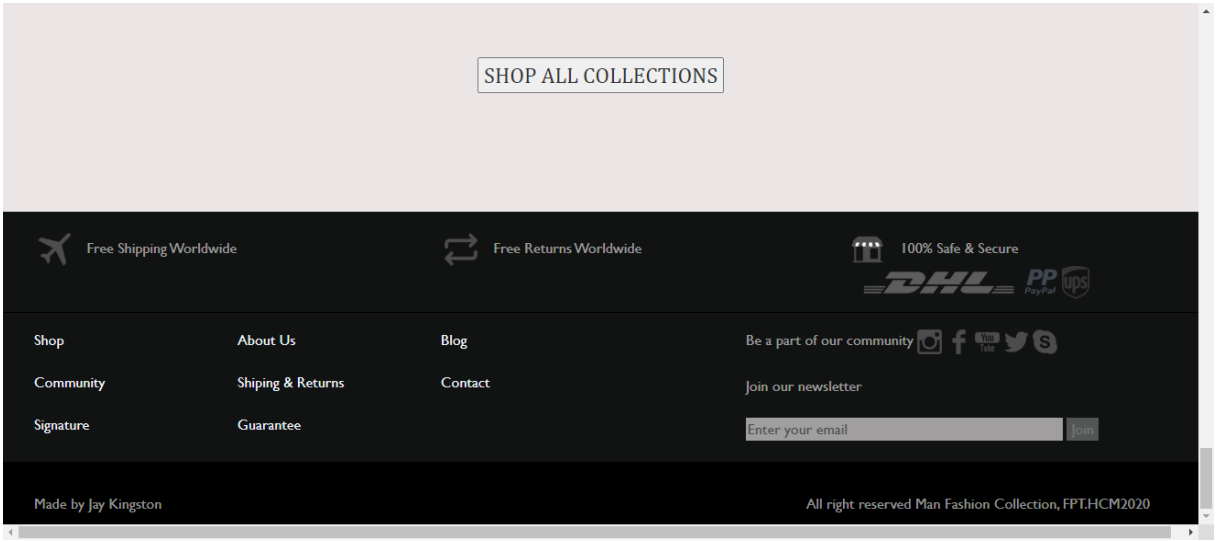
This page will show more details about how the Customer can contact us, and also leave the message or their feedback about our Service.

11. Login page



A simple login page to access our Website.

12. Footer



This Footer show all the link to our Website, and the other Social Media of our Shop like Facebook, Instagram,… By typing your email, you will be included in Our mail list and receive all the news about new product, promotion, and all the important information in the Future.
